CLASS E.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

[redacted] under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "[redacted]" under head of occupation.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 53.—The answers in these columns should be complete, as indicated by the several headings.

CLASS B.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS B.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of $50, and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 35.—The answers in these columns should be complete, as indicated by the several headings.

CLASS E.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS E.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 53.—The answers in these columns should be complete, as indicated by the several headings.

CLASS E.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either **M** (male) or **F** (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS E.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 53.—The answers in these columns should be complete, as indicated by the several headings.

CLASS E.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 35.—The answers in these columns should be complete, as indicated by the several headings.

CLASSE.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

CLASS D.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of $50, and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

CLASS E.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS E.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS E.

Harold E. Bowman } Immigrant Inspectors,

, Chinese Inspector.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

[redacted] under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as [redacted]

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894-97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 35.—The answers in these columns should be complete, as indicated by the several headings.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS D.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 35.—The answers in these columns should be complete, as indicated by the several headings.

CLASS E.

William D Lewis

Immigrant

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS E

Edward St. Dewhey Jr.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

MASS E.

Edward St. Onge Jr.

Immigrant

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

CLASS E.

Charles S. Forbes

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS D.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

[redacted] under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS E.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

[redacted] under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as [redacted] under head of occupation.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS E.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Aliens [illegible] under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "[illegible] under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of $50, and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

SUPPLEMENTAL INFORMATION REQUIRED BY NATURALIZATION ACT APPROVED JUNE 29, 1906.

SUPPLEMENTAL INFORMATION REQUIRED BY IMMIGRATION REGULATIONS.

"G. N. Ry" — Class "D"

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

"G. N. Ry - Class "E"

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

***Column 10* (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.**

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

***Column 11* (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.**

***Column 12* (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.**

***Column 14* (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).**

***Column 15* (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.**

***Column 16* (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.**

Money brought by the head of a family should not be divided among the several members of the family.

***Column 17* (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.**

***Column 18* (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.**

***Columns 19 to 33*.—The answers in these columns should be complete, as indicated by the several headings.**

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 35.—The answers in these columns should be complete, as indicated by the several headings.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either **M** (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

SUPPLEMENTAL INFORMATION REQUIRED BY NATURALIZATION ACT APPROVED JUNE 29, 1906.

SUPPLEMENTAL INFORMATION REQUIRED BY IMMIGRATION REGULATIONS.

CLASS C.

Inspector.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS D.

Inspector.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS D.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS D.1

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS C.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (***Age***).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (***Sex***).—The entry in column 4 should be either M (male) or F (female).

Column 5 (***Married or single***).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (***Calling or occupation***).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (***Able to read and write***).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (***Nationality***).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (***Race or people***).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (***Last permanent residence***).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (***Name and complete address of nearest relative or friend in country whence alien came***).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (***Final destination***).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (***Whether having a ticket to such final destination***).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (***By whom was passage paid***).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (***Whether in possession of $50, and if less, how much***).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (***Whether ever before in the United States; and if so, when and where***).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (***Going to join relative or friend; and if so, what relative or friend***).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of $50, and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 35.—The answers in these columns should be complete, as indicated by the several headings.

CLASS C.

Anson A. Goldsmith

U. S. Immigrant Insp. in Charge.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

Person A Robbins

U. S. Immigrant Insp. in Charge.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

Person A Dobbins

U. S. Immigrant Insp. in Charge.

CLASS D.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS D

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Person A. Robbins

U. S. Immigrant Insp. in Charge.

CLASS E

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 35.—The answers in these columns should be complete, as indicated by the several headings.

CLASS E

Person A. Rolfe

U. S. Immigrant Insp. in Charge.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

U. S. Immigrant Insp. in Charge.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS E.

Benson A. Robbins

U. S. Immigrant Insp. in Charge.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 35.—The answers in these columns should be complete, as indicated by the several headings.

Carson A Robbins

U. S. Immigrant Insp. in Charge.

CLASS E.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 35.—The answers in these columns should be complete, as indicated by the several headings.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

CLASS C.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS D.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS E.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

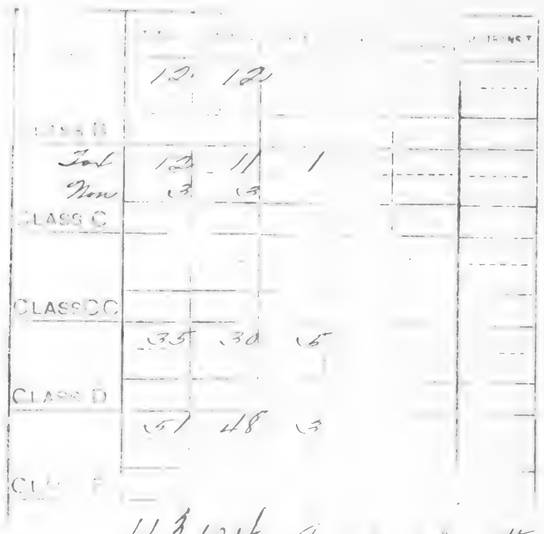

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

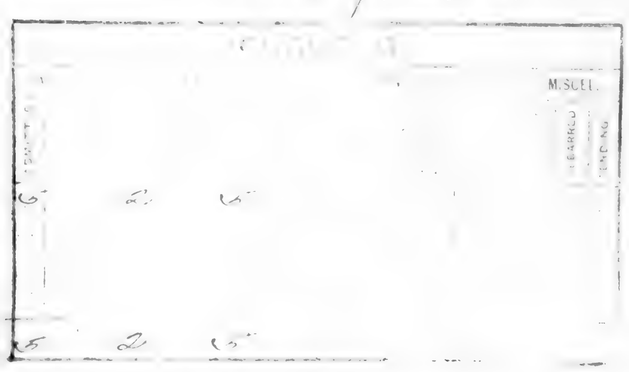

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

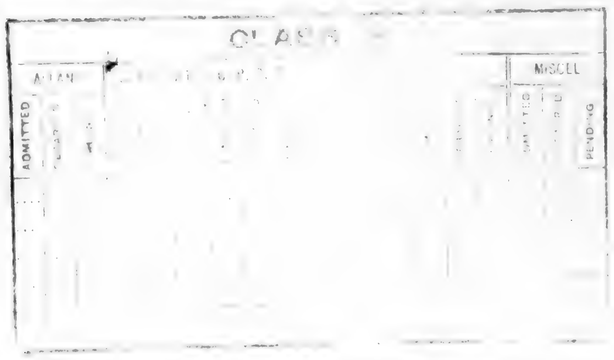

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS B.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

[redacted] under head of occupation as "in transit"; those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "t[redacted]

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS B.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Aliens intending to permanently remain in any part of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourist" under head of occupation.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS B.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Aliens intending to pass through the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of [illegible]

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 35.—The answers in these columns should be complete, as indicated by the several headings.

CLASS C.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS CC.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS CC.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 35.—The answers in these columns should be complete, as indicated by the several headings.

CLASS CC.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS CC.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 35.—The answers in these columns should be complete, as indicated by the several headings.

CLASS D.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS D.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS E.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 53.—The answers in these columns should be complete, as indicated by the several headings.

CLASS E.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CLASS E.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 35.—The answers in these columns should be complete, as indicated by the several headings.

CLASS E.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 35.—The answers in these columns should be complete, as indicated by the several headings.

Column 4 (*Sex*).—The entry in column 4 should be either **M** (male) or **F** (female).

Column 5 (*Married or single*).—The entry in column 5 should be either **M** (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 35.—The answers in these columns should be complete, as indicated by the several headings.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

CLASS E.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single). Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

CROSSED

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood-turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West-Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

CLASS E.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 33.—The answers in these columns should be complete, as indicated by the several headings.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (*Age*).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry in column 4 should be either M (male) or F (female).

Column 5 (*Married or single*).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that country of last permanent residence independent of country of temporary residence, nationality, or race be shown.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (*Final destination*).—The entry in column 12 should show definitely the place (city or town) of final destination if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), place, and date of last departure from the United States; as 1894–97; Philadelphia; Dec. 6, 1897.

Column 18 (*Going to join relative or friend; and if so, what relative or friend*).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 53.—The answers in these columns should be complete, as indicated by the several headings.
